COVID Safe Business QUIZ

1. Symptoms of COVID-19 relate to respiratory issues only. True or false?
2. Which of the following statements is correct:
 - A. It is considered discriminatory to screen workers with a temperature check before they come into the workplace.
 - B. It is considered harassment to ask workers if they have travelled to Covid-19 hotspots recently.
 - C. Screening workers before they enter the workplace by taking temperature checks ensures that Covid-19 will be avoided.
 - D. Screening workers with a temperature check is advisable for good risk management, however should not be relied upon as the only screening measure
3. The screening process for workers should include:
 - A. reminding workers of the common symptoms of COVID-19 and that they should not be at work if they have or have had any of the common symptoms in the last 48 hours
 - B. asking workers if they have recently travelled or been in contact with a confirmed case of COVID-19
 - C. conducting temperature checks with touch-free thermometers
 - D. All of these
4. If anyone develops symptoms at work such as fever, cough, sore throat or shortness of breath, you should:
 - A. tell them they must take annual leave
 - B. ask them to seek medical advice and assist them if needed to get transport home or to a medical facility
 - C. tell the other staff that this person has Covid-19
 - D. Close the business in order to have it deep cleaned

5. In order to ensure good hygiene at inspections of properties you should inform clients of hygiene standards that are expected when they attend their appointment. Which of the following is not a requirement of good hygiene at inspections:

- A. using alcohol-based hand sanitiser upon arrival
- B. minimising the number of times they touch their phone and other personal items as they could unintentionally transfer germs
- C. insisting that they use the property's bathroom to wash their hands
- D. minimising the number of surfaces they touch at properties.

6. Cleaning and disinfecting are the same process. True or False?

7. Workplaces must be cleaned at least:

- A. hourly
- B. daily
- C. weekly
- D. every second day

8. According to the 'National guide for safe workplaces-COVID-19' businesses should advise their workers that they may refuse to enter a workplace or to leave at any time if agreed control measures regarding COVID-19 are not in place or are breached. True or false?

9. Which of the following information about a Covid Safety Plan is correct:

- A. A Covid Safety Plan has a required format and each requirement must be addressed in each section, unless the section is not relevant in which case you can leave this section blank
- B. A business can use any format they choose to create a Covid Safety Plan, as long as it relates to Covid risk
- C. A Covid Safety Plan has a required format and each requirement must be addressed in each section, otherwise you must explain why a requirement does not apply to your premises
- D. It is mandatory for all businesses to register their Covid Safety Plan

10. If your business has multiple premises, you must

- A. complete a Covid Safety Plan for each location.
- B. Provide contact details for the person responsible for the COVID-19 Safety Plan at each location.
- C. Both A and B
- D. None of these
